

Minutes of the Baroda Twp. Fire Board Meeting
April 12, 2017

Meeting was called to order at 7:00 PM by Fire Board President Larry Reifschneider

Present: Larry Reifschneider, Larry Klug, David Wolf, John Harner, Bob Getz & Dennis Varo

Minutes of the 1/18/17 meeting were distributed & accepted by a unanimous vote.

Old Business

1. Chief Klug reported:

- a. The automatic aid program with neighboring departments is going well. However he will be reviewing the pay procedure for our firefighters if we get "called off"
- b. More guys continue to be trained & certified to operate the new Rosenbauer Truck & that he has not decided if the new truck will be the 1st or 2nd truck out
- c. The old water tanker will be moved to the Lake Twp. water treatment plant & the Kenworth will be coming back to the Baroda

New Business

1. Chief Klug reported:

- a. There was an accident with the Spencer Truck & the station OH door. The OH door did not go all the way up so the truck light bar lens was broken & the OH door panel was bent. Moses Fire Equipment is working on the light fix & Neuman Door is working on the door fix. Both the truck & OH door are operational at present.
- b. The Department will be testing a battery powered "jaws of life" on 4/24/17 at Lincoln Twp. at 7:00 PM.
- c. Chief is applying for an ISO rating review because of the automatic aid program now in place & because of our new fire engine.
- d. Presently we have 18 active firefighters on the Dept. & things are running well.
- e. There are no new trucks planned for the Dept. in the near term Capital improvements. However, we should probably start thinking about & planning for a new fire station as our next big capital improvement.

Motion by Wolf, second by Reifschneider to adjourn. Motion passed all in favor.

Meeting adjourned at 7:50 PM.

Next Meeting is July 12, 2017 at 7:00 PM
